The TIE that Binds...

Man and woman began their married life in church and according to God's holy word are joined together. With the Bible as the basis for the beginning of a new life together, it seems only reasonable that a continued study of God's word would strengthen and serve as a guide to any couple. The Bible can truly serve as a tie that will bind two together in accord. The church as God's

agency on earth can help you in Bible study, and with the guidance of the Holy Spirit can help you to understand God's will in your life.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58-11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Balance your books...

Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven contrel you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later - or two, three or four - food's still moist, tender and serving hot! No overcooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time --the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

The TIE that Binds...

Man and woman began their married life in church and according to God's holy word are joined together. With the Bible as the basis for the beginning of a new life together, it seems only reasonable that a continued study of God's word would strengthen and serve as a guide to any couple. The Bible can truly serve as a tie that will bind two together in accord. The church as God's

agency on earth can help you in Bible study, and with the guidance of the Holy Spirit can help you to understand God's will in your life.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58-11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NO NEED TO SHOP OUT OF TOWN

YOU WILL FIND THOSE EASY TERMS AT KNABEL'S

Can your range keep meals serving-hot for 4 hours without over-cooking?

With the new gas Cook 'n' Keep oven control you can go shopping and still be a guest at your own party without a last minute rush. Just set the time and temperature oven controls as your recipe requires. Dinner will cook automatically to perfection. When it's done the way you want it, Cook 'n' Keep oven turns itself down to exactly the right temperature for serving. An hour later - or two, three or four - food's still moist, tender and serving hot! No overcooking. No drying out. Because of this new automatic oven control and the many other gas cooking conveniences, you'll want to trade in your old range. Now's the time the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

What a price! — the lowest possible on this featurepacked, top quality Gold Star Award gas range. Caloric's new Compacto is a full 36 inches wide and offers more cooking conveniences for the money than other comparably priced ranges ... including new automatic Cook 'n' Keep Oven. Cooks perfectly, then turns itself down to serving temperature and holds foods hot for hours without overcooking or drying out. Burner-with-a-Brain makes all your pans automatic. Removable oven and broiler doors simplify cleaning. Spacious storage compartment, handsome clock and control center and easy-to-clean porcelain finish are pluses. Available in pink, yellow, turquoise, coppertone or black at slight additional cost.
